1. Background

The Institute of Cultural Affairs is a global community of autonomous non-profit organisations advancing human development worldwide. The network comprises member organisations and related groups in over 40 countries worldwide. The Asia Pacific Region plays a major part in the ICA Global Community. Over many years Asia Pacific Regional colleagues have met face to face or virtually on a regular basis.

Following a series of online meetings and dialogue, ICA Nepal, ICA Japan, ICA India (and with the support of the Asia Pacific Regional Meeting) jointly propose to hold the next meeting in Talegaon Pune, India.

2. Objectives

Though ICAs have been interacting regularly via internet, the face to face meeting will enable us to move to another level of exchanging ideas and collaboration for human development. Thus, the Asia Pacific Regional Meeting aims to create an opportunity, a venue and a momentum for all of us to come and work together.

Our Specific Objectives:

- **Empowering our people and networks in ICA Methodologies and Philosophy**
- **Collaborative work on advancing our Peer to Peer Programs/Projects**
- Updating each other about current projects, challenges, and future prospects
- Introducing and collaborating on Projects, Activities and Funding Resources

3. Venue

At **EEC- Environment Education Center,**

On old Mumbai – Pune highway, behind ABC Petrol Pump, Talegaon Dabhade 410 506, Taluka Maval, District Pune, India.
